PROFESSIONAL SUMMARY

Motion Graphics Designer with 8+ years of experience and 130+ video projects delivered for international agencies, brands, and tech companies.

Specializes in 2D motion graphics, owning the full production pipeline from concept and storyboarding through styleframes, animation, and final delivery.

Built a client base of 30+ brands as a freelancer and designed streamlined, stage-by-stage approval workflows that reduce revision cycles and strengthen long-term client relationships.

Currently expanding into 3D with Cinema 4D (Intermediate) to bring hybrid 2D/3D solutions to brand and marketing campaigns

Holds a Law degree, but discovered a genuine passion for animation and visual storytelling during his university years, and made the deliberate move into motion design to build a full creative career around it.
